

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

### Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

### About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. the 1990s, the number of people with a diagnosis of schizophrenia has increased in the United Kingdom (Meltzer 1997). The prevalence of schizophrenia in the United Kingdom is estimated to be 1.2% (Meltzer 1997). The prevalence of schizophrenia in the United States is estimated to be 1.1% (Meltzer 1997).

There is a growing awareness of the need to improve the lives of people with schizophrenia. The World Health Organization (WHO) has developed a set of guidelines for the management of schizophrenia (WHO 1993). The guidelines recommend that people with schizophrenia should be treated with a combination of medication and psychosocial interventions. The guidelines also recommend that people with schizophrenia should be treated in a community setting rather than in a hospital.

kindly promised to give Lectures in the forthcoming Session, and that of Signora Leonora Duse, who has also very kindly promised to recite the Episode of Francesca da Rimini.

Our best thanks are due to Lord and Lady Windsor for having placed their splendid Town Mansion at the disposal of the Society for the Annual Meeting; and we hope that other Members will follow their generous example of friendly hospitality.

During the year the Grand Total of MEMBERS has reached the number of 605 from the Foundation of the Society. Among the New MEMBERS, to all of whom we extend our heartiest welcome, are:—

H.R.H. The Princess Alexander of Teck, the daughter of the late Duke of Albany, who was the first to honour our Society with Royal Patronage at its formation; H.R.H. Prince Nicholas of Greece; His Exc. the Hon. Whitelaw Reid (American Ambassador); His Exc. the Hon. Henry White (American Ambassador in Rome); His Exc. Stephen Musurus Pasha (Turkish Ambassador); Adeline Duchess of Bedford; The Countess of Lytton; Signor Guglielmo Marconi; Lady F. Legard; Sir Hubert Jerningham; Baron Sidney Sonnino; Giosue Carducci; Chief Justice Sir Henry Bale; Edmund Gosse; Colonel Ciceri; Signor Canziani; Signor Cerasoli; Signora

Centeno; Signora Galimberti; Mrs. Margaret Knowles; Miss Soulsby; Mrs. Landsberg; Mrs. Fagan; Mrs. Turton Norton; Mrs. C. Balfour; Rev. H. T. Cart; Rev. R. Wood-Samuel; Rev. G. F. Hogan. D.D.; Rev. G. T. Wood; Rev. T. S. Crank and George Meredith, who in one of his letters wrote: "I felt myself not only greatly honoured, but very happy indeed to be enrolled as a Member of The Dante Society. Dante and Italy are always in my mind."

We sincerely deplore the loss by death of several Members, among them Dr. George Macdonald, Aubrey de Vere, Dr. Henry P. Gurney, F. D. Mocatta, Rev. T. A. Sharpe, Prof. Willard Fiske, Sir George Glynn Petre, Sir Henry Irving, and the Rev. John Samuel.

The Society has also lost, through their departure from England, the active and powerful support of the Hon. Joseph Louis Janvier, Haytian Minister, and that of the Hon. Joseph H. Choate, late American Ambassador, who took the Chair at one of our Meetings, and praised with eloquent words the work of our Society.

It will interest our Members to know that Miss Eleanor F. Jourdain has obtained the Degree of Docteur de l'Université de Paris, in recognition of the merit of her Lecture on "The Symbolism of the Divine Comedy," given before our Society.

Another Volume of **THE DANTE SOCIETY LECTURES** is now being printed by the Athenæum Press, and will be ready in a short time for *free* distribution to all the Members. Besides the Lectures, it will contain also a very interesting Preface by one of our Vice-Presidents, **ALFRED AUSTIN**, Poet Laureate.

Students of Dante's Works living in the Provinces and in the Colonies are invited to form Local Centres as affiliated Branches of the Dante Society. Their work will thus be co-ordinated to that of the Central Society, and they will have the advantage of being visited by Lecturers, who are certified Members of the Dante Society. The Members of all Local Centres, when in London, enjoy the hospitality of the Society, and are welcome guests to our Sessional Lectures.

During last year several Members when travelling in Italy enjoyed the hospitality of the **SOCIETÀ DANTESCA ITALIANA**, of which the **FOUNDER** of the **DANTE SOCIETY** is **SOCIO PROMOTORE**.

The **RECEIPT** and **EXPENDITURE ACCOUNT** for the Year, duly Audited by Mr. Arthur Banister, F.C.A., the Honorary Accountant, and by Mr. Wm. H. Rickatson, the Honorary Treasurer, is open to the Inspection of **MEMBERS** at the Society's Offices.

The following letters from the Marquis Pietro Torrigiani, President of the Società Dantesca Italiana, and from the Sindaco of Ravenna, are additional proofs of the usefulness of our Society, even in our Fort's country.

**THE LIBRARY.**

The furnishing of the Library has now been completed, and we have prepared room for many other Volumes, to render it still more useful to all those Members who avail themselves of the privilege of consulting the works collected in it.

400 Volumes were added to our Library during last year. Among these we have acquired a

unique and priceless illuminated copy of the Divina Commedia, the artistic illustrations of which would have rejoiced the heart of our Poet, who would have repeated of its pages the high praise he gave to the "carte, Che pennelleggia Franco Bolognese."

The very limited amount of money that we can afford to spend in buying books should be an inducement to some of our wealthy Members to subscribe to our Library Fund. The fact that, owing to the liberality of a single individual, the Dante Library in the United States contains over 7,000 Volumes, should awaken in friendly emulation the generosity of our Members. It is only a question of money; because, if we had enough of it, we could soon make our Library even more complete than that of which America is so justly proud.

Professor Bryce, one of our Vice-Presidents, said that: "It is very difficult to induce Englishmen to subscribe liberally to purely literary undertakings." Another of our Vice-Presidents, the Lord Bishop of Ripon, has, however, proved that such an opinion of the generous liberality of Englishmen is at least old-fashioned, by sending a Subscription to our Library Fund, and setting an example which we hope all our Members will haster to follow.
